The Tradition of Excellence Begins....

April 1st 2016

To Whom It May Concern,

It is with great pleasure that I write this recommendation letter for Madison Heald. I have been Madison's head volleyball coach since August 2015.

Madison has been an absolute joy to coach. Madison always enters the room with a smile and brightens everyone's day. My favorite part of coaching Madison in volleyball is her dedication and commitment to the team. Madison puts %100 into everything she commits to. Her work ethic is one of the strongest in our athletic department.

In the fall of 2015 Madison was awarded the Patriot Pride award. This is given to an athlete who is selfless and gives herself to her team. In the fall of 2016 Madison was voted team captain of the varsity volleyball team by her teammates and coaches. She was awarded Offensive Player of the Year. Her receiving these awards goes to show you the type of kid and player she is. Madison was also nominated for the 2nd Team All District 25-5A which was the most competitive high school volleyball district that year.

I highly recommend Madison Heald for all her future endeavors. I am honored to know her and to have coached her.

Sincerely,

Justeen Coulson

Girls Athletic Coordinator

Head Volleyball Coach

Physical Education Teacher
